Ready or Not....

Would your pupils enjoy taking part in fun activities at home after school?

Would you like to earn gift vouchers and equipment for your school community and parents?

Are you interested in increasing your knowledge of children’s social and emotional development?

We are launching a new study exploring children’s wellbeing and school readiness - a really important topic for 2021! Children will be invited to take part in fun educational games, via zoom held after school or at weekends.

To find out more, and book a place on our Q&A, taking place at 4pm on April 22nd:
